

You could save a child's life

Parent First Aid Training

In this highly informative two hour class, you will learn essential life-saving techniques enabling you to act quickly in the event of a family medical emergency. The training is facilitated by a highly qualified and experienced first aid instructor.

This online First Aid class is targeted at parents and childminders but any person interested in pediatric care can attend.

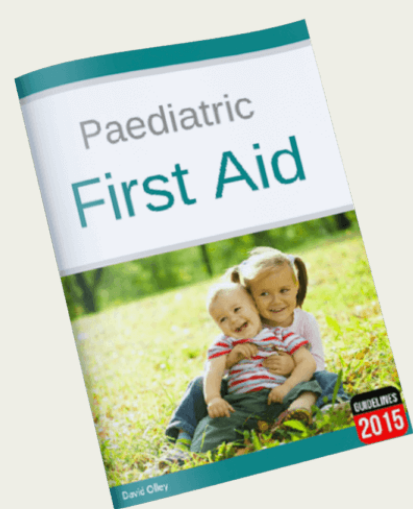

New Training Dates Announced

Friday October 22nd - 10.30am

Saturday November 20th - 9.30am

Every participant will also receive:

- A 56 page Pediatric First Aid booklet covering essential topics including burns, choking, meningitis, asthma & croup
- A Pediatric First Aid kit with over 40 vital items to assist in medical emergencies.

The value of this online training course and home medical accessories is €50. TORC Sustainable Housing is covering this cost for tenants.
